DESCRIPTION

This 2017 Ford Mondeo TDCi ST-Line offers a reliable choice with a clear vehicle history check and low mileage for its age, having covered 75,500 miles. This diesel model is powered by a 2.0L engine that meets Euro 6 emission standards, ensuring it remains compliant with modern environmental requirements. Inside, the cabin is equipped with dual zone electronic automatic temperature control, which includes climate control, alongside manual air conditioning for the rear compartment to keep all passengers comfortable. Technology is well integrated through the SYNC 3 system, featuring an 8-inch colour touchscreen, Bluetooth connectivity, voice control, and a USB port with emergency assistance. To provide peace of mind, the vehicle comes with a 3-month warranty and will be supplied with a fresh 12-month MOT upon purchase, following its last service on 10 June 2026 at 75,500 miles.

The performance and efficiency of this Mondeo set it apart from many similar vehicles in its class. Drivers can benefit from impressive fuel economy, achieving up to 63 mpg, which helps to reduce running costs significantly. Furthermore, the car maintains low CO2 emissions, making it a practical option for those conscious of their environmental impact. Despite its focus on efficiency, the vehicle does not compromise on capability, as it is capable of accelerating from 0 to 62 mph in 8.4 seconds, providing a responsive driving experience for daily commutes or longer journeys.
