DESCRIPTION

This 2016 Honda Civic i-VTEC SE Plus (Navi) is a well-maintained hatchback that has covered 57,950 miles. It is powered by a 1.8-litre petrol engine that meets Euro 6 emission standards, ensuring it remains compliant with modern environmental regulations. The vehicle is equipped with a range of practical technology, including dual-zone climate control for personalised cabin comfort and a Bluetooth hands-free telephone system for safer communication while driving.

The Civic is designed to be a practical choice for daily use, offering a large boot space that provides ample room for luggage and shopping. Manoeuvring in tight spaces is made straightforward by the inclusion of front and rear parking sensors, as well as a rear parking camera. Performance is responsive, with the car capable of accelerating from 0 to 62mph in 9.1 seconds. Furthermore, this model sits in a low insurance group, which helps to keep ongoing running costs manageable compared to many other vehicles in its class.

FEATURES
