DESCRIPTION

With an exceptionally low mileage for its age, this 2012 Land Rover Range Rover Sport SD V6 SE presents a compelling proposition. This four wheel drive model, powered by a 3.0L diesel engine, boasts a substantial towing weight of 3500 kg, making it a capable companion for various needs. Its SE trim level ensures a well appointed interior, featuring automatic air conditioning with air filtration, automatic headlights, and xenon headlights for enhanced visibility. Entertainment is provided by a premium Harman Kardon sound system with 11 speakers, including a subwoofer, a radio, CD player, 7 inch touch screen, MP3 compatibility, and an AUX input. The vehicle comes with a 3 month warranty and its MOT is valid until December 2026.

This Range Rover Sport stands out with its impressive acceleration, reaching 0 to 60 mph in just 8.5 seconds, a performance that highlights its dynamic capabilities compared to similar vehicles. Further enhancing its appeal are the large boot space, offering ample room for luggage or equipment, and its placement in a low insurance group, which indicates potentially lower running costs. The vehicle has a partial service history, with its last service recorded at 81511 miles on 15th April 2026, confirming its current mileage is indeed very low for a vehicle of this year.

FEATURES
