DESCRIPTION

This 2012 Mercedes-Benz E Class E350 V6 Avantgarde represents a refined choice for those seeking a balance of performance and comfort. With only three owners from new, this vehicle has been well maintained and offers a reliable history. Under the bonnet sits a powerful 3.5 litre petrol engine, which provides a smooth and responsive driving experience. The Avantgarde trim level ensures a high standard of finish, making it a practical and sophisticated option for daily use.

The vehicle is designed to offer a blend of efficiency and convenience that sets it apart from many competitors. It achieves a fuel economy of 41 mpg and maintains low CO2 emissions, which helps to keep running costs manageable, alongside a low insurance group rating. Performance is impressive, with the ability to accelerate from 0 to 62 mph in just 6.3 seconds. Practicality is also a key strength, as the car features a large boot space for luggage and shopping. Inside, the cabin is equipped with heated front seats for added comfort, while the Parktronic system provides both audible and visual assistance for parking at the front and rear. Safety and ease of use are further enhanced by the adaptive brake system with a full hold function and a central controller dial that allows for simple operation of the audio and telephone systems.
