DESCRIPTION

This 2017 Vauxhall Mokka X Elite Nav stands out with its exceptionally low mileage of just 17,850 miles and a full service history from only two previous owners. Powered by a 1.4 litre petrol engine that meets Euro 6 emission standards, this vehicle offers a reliable driving experience backed by a clear history check. The Elite Nav trim is well equipped with the Navi 900 IntelliLink touchscreen system, which supports both Apple CarPlay and Android Auto for seamless connectivity. Comfort and convenience are prioritised through the inclusion of the Winter Pack, featuring heated seats and a heated steering wheel, alongside electronic climate control with air conditioning. Parking is made straightforward with front and rear distance sensors, while automatic lighting control ensures the headlights activate when needed. Every purchase includes a 3 month warranty and a fresh 12 month MOT for added peace of mind.

Choosing this particular model offers distinct advantages over similar vehicles, primarily due to its well maintained, low mileage condition and comprehensive service record. The combination of the efficient 1.4 litre engine and a low insurance group makes this a practical and cost effective choice for a wide range of drivers. By including modern technology like smartphone integration and comfort features such as the heated steering wheel, this Mokka X provides a level of specification that enhances daily usability. The combination of its clear history and the assurance of a recent service ensures that this vehicle is ready for the road, offering a balanced mix of modern convenience and proven reliability.
