DESCRIPTION

This 2006 Volkswagen Passat TDI SE offers a reliable option for those seeking a well-established saloon. Powered by a 2.0L diesel engine, this model combines the practical engineering associated with the Volkswagen brand with the specific SE trim level. It serves as a straightforward choice for drivers who value the build quality and consistent performance that the Passat range is known for.

The vehicle includes Climatic semi-automatic air conditioning, which helps maintain a comfortable cabin environment regardless of the weather outside. A key advantage of this particular model is its low insurance group rating, which can make it a more economical choice to run compared to other vehicles in its class. These practical features work together to provide a sensible and efficient driving experience for daily use.
