DESCRIPTION

This 2009 Volkswagen Polo Match offers a practical and reliable choice for drivers seeking a well-established hatchback. As a Match trim model, this vehicle is powered by a 1.2 litre petrol engine, providing a balanced performance suitable for both city driving and longer journeys. The Volkswagen Polo is widely recognised for its build quality and straightforward design, making this particular example a sensible option for those who value consistency and ease of use in their daily transport.

The appeal of this vehicle lies in its efficiency and cost-effective ownership. It sits in a low insurance group, which helps to keep running costs manageable for a wide range of drivers. Furthermore, the engine is designed with economy in mind, achieving 49 mpg and producing low CO2 emissions. These attributes combine to make this Polo a sensible alternative to other hatchbacks in its class, offering a blend of affordability and environmental consideration that remains relevant for modern motoring.
